January 2019

Floortime Holiday Intensives Program

We are delighted to report that we will be running our popular Floortime summer intensive programs again during January 2019. These programs have been running for over a decade now and are one of the highlights of our year at Sensory Connections as we really value the opportunity to work with children intensely in a whole team approach!

***This program will be held in our premises located at
104 Keightley Road West, Shenton Park, WA 6008.***

Each session will be two hours in duration with a total of eight sessions.

This program is suitable for

Children who need to strengthen their abilities to calm, focus and attend, socially engage, & interact with others. It will provide opportunities for children to strengthen motor, play, communication, and language & thinking capacities. Our highly experienced therapists will facilitate and support the children's play and peer interaction throughout the ebb and flow of the session process and daily routines.

We will use a variety of sensory, gross & fine motor, cognitive, language activities building on the interests of the children. This will include crafts and fun with food & cooking. We have access to a variety of room spaces and equipment.

This is an integrated occupational therapy & speech and language therapy program. Individualised Goals will be specified for each child prior to the commencement. The child to therapist ratio is 2 to 1. If your child requires one on one support in other settings please discuss with us how we can adjust staffing to meet their needs.

Morning 9:30 am – 11:30 am

Wednesday 16th to Friday 18th January 2019

Monday 21st through to Friday 25th January 2019
